现场图像	 The first photograph shows the entrance to the Jin Hua Shi Hong Li Zhi Gan Chang (金华市宏利制罐厂). A large stone sign with gold lettering identifies the factory. Two men, presumably the investigators and the factory representative, stand in front of the sign. The second photograph shows the interior of the factory, specifically a production area where workers are operating machinery to produce metal cans. A worker in a black shirt is visible in the foreground, and another worker is partially visible on the right. The background shows industrial equipment and a sign with the characters '贡量' (Gong Liang).
